WAS DRAGOVICH
ROBBED BEFORE
HE DIED?

REPORTS THAT DEAD MAN HAD MONEY, JEWELRY AND VALUABLE MINING STOCK WHEN LAST SEEN ALIVE

An inquest over the remains of Antone Dragovich, found dead in the Clarendon hotel Wednesday morning, was held by Coroner Read yesterday. The jury returned a verdict that the cause of death was pneumonia. When the body was found but little of value was discovered upon the clothing, and so far as can be learned no property of value has been turned over to the coroner.

Several persons who knew deceased now state that he had money and jewelry upon his person when last seen alive. In addition he exhibited 50,000 shares of stock in a mining company in Plumas county. None of this has been accounted for. Dragovich, it appears, also tried to pawn some of the jewelry Tuesday evening but was not successful. Friends of the dead man have placed the case in the hands of an attorney and an effort will be made to locate the missing property.

PEABODY'S SIDE
OF THE CONTEST

DENVER, Colo., Feb. 16.—Former Governor Peabody today began to introduce testimony in rebuttal, in his contest for the office of Governor, now held by Governor Alva Adams.

Nine witnesses from Precinct 3, Ward 16, known as "Little Russia," testified they had voted the Republican ticket, though the ballots whose numbers corresponded with their names on the poll books in the ballot box were Democratic.

Only three of these witnesses had written their ballots without assistance from the judges.

DASHED TO DEATH
IN FLORISTON
MILLS

JAMES CRAWFORD, FORMERLY OF RENO, CAUGHT IN REVOLVING SHAFT AND IS ALMOST INSTANTLY KILLED

While at work in the big paper mills of the Floriston Paper Company Wednesday afternoon, James Crawford, quite well known in Reno, was caught in a rapidly revolving belt and before he could be extricated the ponderous wheels had literally beat his life out against the floor and ceiling of the building. When rescued it was found that he was suffering from a large gash in the back of his head, while his left side was frightfully mangled. Death was almost instant. News was sent to the dead man's brother in San Francisco. He replied that he would leave for the scene at once. Crawford visited Reno on several occasions but was comparatively unknown here.

ROOSEVELT IN FULL
CONTROL OF CANAL

WASHINGTON, D. C., Feb. 16.—The naval appropriation bill today further occupied the attention of the House for the major portion of the session.

Before taking up the naval bill the House entered an emphatic protest against the action of the Senate in amending the agricultural appropriation bill so as to eliminate the drawback feature of the Dingley tariff affecting wheat.

The bill to provide a government for the Canal Zone was passed without further discussion. The bill gives all right of government of the Canal Zone to the President until the end of the next Congress, but provides that the government shall be so exercised as to protect the inhabitants in the free enjoyment of their liberty, prosperity and religion. It abolishes the Isthmian Canal Commission and places the work of construction of the canal in the hands of the President and such persons as he may appoint and employ. It does not undertake to determine whether the canal shall be constructed as a sea-level or lock-level waterway.

Thompson Exonerated
SAN FRANCISCO, Feb. 16.—James F. Thompson, receiver of the Eureka fund office from 1894 to 1904, was completely exonerated before United States Commissioner Heacock today of illegal acts during his receivership.

Submarine Boat Explodes
QUEENSTOWN, Australia, Feb. 16.—Four men were killed and fourteen injured, of whom three are in a critical condition as the result of two explosions on board the British submarine boat "A-5" in this harbor today.

A NEW MINING
BUILDING FOR
UNIVERSITY

Assembly by Unanimous Vote Passes Bills Appropriating \$22,000 for Improving Nevada's Great College

Special to The Journal

CARSON, Nev., Feb. 16.—Nevada's State University has many friends in the present Legislature. This was proven today when two special bills materially assisting the University were passed by a unanimous vote in the Assembly. One appropriates \$16,000 to be used in the construction and furnishing of a metallurgical building. This is a need the University has long felt. With the interest of the world centered upon this State as a mining center the legislators thought it proper that the mining department of the school should be maintained at its highest standard. The new building will materially aid in this aim.

The dining hall will also be improved. A bill passed today appropriating \$6,000 for the erection of a new dining hall on the State grounds. The recent visit of the committee showed that a dining hall is a necessity. Despite the efforts of those in charge, proper accommodations have not been provided for the students who

live at the University. The present dining hall in addition to being inconveniently situated is furnished in a manner unsanitary.

The present appropriation will be ample to erect a modern dining hall. The sum of \$10,000 was also appropriated for the purpose of establishing an experiment station in Lincoln county. There is no doubt but these measures will be passed by the Senate and meet with the approval of the Governor.

Outside of this only a few bills of minor importance were passed or acted upon. Jones of Washoe introduced a bill authorizing the school trustees of Sparks to issue bonds to build a schoolhouse.

Wright of Washoe also introduced a measure making it unlawful for persons not belonging to an order to wear an emblem that would lead to a different belief.

Dodge of Washoe also introduced a bill relative to the constitutional amendments and the referendum.

DISEASED CATTLE ARE
SHIPPED FROM NEVADA

Several Carloads Received at Oakland From Lovelock Results in Government Inquiring Into Cause

San Francisco is protesting because of the fact that a trainload of cattle were received at the bay a few days ago and found infected with a contagious disease. The government it is understood has taken the matter up and a strict investigation is about to result. The news was received from California yesterday. The item stated the cattle were shipped from Reno. This, however, could not be confirmed. It was learned, however, that about ten days ago a trainload of cattle consigned to Oakland were shipped from Lovelock. Dr. Jacobs, one of the government inspectors stationed in Reno, was called to Lovelock to inspect the cattle. He passed upon them and upon his decision they were allowed to pass through Reno.

A few days ago Mr. Jacobs, who is in charge of this section in Nevada, was called to California in regard to the reported complaint and is now there.

It is strongly asserted that the diseased cattle complained of were approved by him at Lovelock. The department is very severe in cases of this kind and if the report proves correct firm action may be taken.

Dr. Jacobs being in charge of this section, his deputies now in Reno refused to discuss the case last night.

Dr. O'Rourke, one of his assistants upon being questioned about the incident at first refused to discuss it.

"All that I know," said Dr. O'Rourke, "is that Dr. Jacobs has gone to California on business connected with the department. I have heard nothing in regard to diseased cattle being shipped from the State, and if he has been called to San Francisco to explain such proceedings I know nothing of it. We often get calls into California. But as I said I know nothing of it and would prefer that you get a direct statement from Dr. Jacobs."

BEAT HIS OWN BRAINS OUT

SALINAS, Cal., Feb. 16.—Bendy Sargent, arrested here last night for setting fire to a stable in San Luis Obispo, causing great loss and the death of eight horses, killed himself this afternoon by beating his brains out against his cell door.

Call at Fowler's and see something elegant in sewing machines.

QUARREL LEADS TO MURDER

PHOENIX, Arizona, Feb. 16.—Pedro B. Dalazar was shot through the head and killed last night at Ortega's sheep camp ten miles north of Phoenix by Maximilian Lucero who is now in jail. Ortega and Lucero were partners and quarreled.

DEFENSE RESTS,
ARGUMENT
BEGINS

WEAVING THE LAST THREAD IN THE NOOSE THAT IS RAPIDLY TIGHTENING ABOUT THE NECK OF ADOLPH WEBER

AUBURN, Cal., Feb. 16.—Nothing of a sensational nature occurred in the Weber trial this morning.

The expert called by the defense in rebuttal to Expert Carr finished his testimony. The defendant was put on the stand again, but only to answer two questions. The prosecution put on a witness for good character.

In the afternoon Attorney Hamilton made the opening argument for the prosecution in impressive manner, directing it mainly toward the defendant's acts and demeanor at the fire.

William Allen White III
MANITOU, Colo., Feb. 16.—William Allen White, newspaperman, is ill. His condition is, however, not considered dangerous.

CZAR PRESIDES AT
COUNCIL MEETING

ST. PETERSBURG, Feb. 16.—Emperor Nicholas today presided over a council at the Imperial palace at Tsarsko-Selo.

All listeners were summoned for the purpose of discussing the advisability of transforming the present unofficial council of ministers, which is called at irregular intervals by the President, into a cohesive cabinet, which will be a responsible body under the presidency of the Emperor.

CRIM REAPER CLAIMS
A NOTED FINANCIER

PHILADELPHIA, Pa., Feb. 16.—Jay Cooke, whose fame as a financier is world wide, died tonight at the home of his son-in-law, Charles D. Barney, at Ogontz, a suburb of this city. He was 83 years of age. He had been suffering from general debility, as a result of his old age, for several years.

California Favors Vaccination
SACRAMENTO, Cal., Feb. 16.—Senator Leavitt's bill providing for the repeal of the Compulsory School Vaccination law, which passed the upper house last week, was defeated by the Assembly today by a vote of 39 to 34. Assemblyman Waste gave notice of its reconsideration.

Gates to Visit Nevada.
John W. Gates, the great railroad magnate, is scheduled to pass through Reno today in his private car, en route to the coast. The severe weather that has prevailed over most of the country during the past few days has delayed the magnate's schedule.

ALLEGED THIEF
FACES HIS
ACCUSERS

GEORGE MORRIS, ALLEGED EX-PRESS ROBBER, BROUGHT INTO COURT BUT HIS PRELIMINARY EXAMINATION IS POSTPONED

TRUCKEE, Cal., Feb. 16.—

The preliminary examination of George Morris, the alleged confessed robber of Wells Fargo Company's express office at this place, did not take place today, as was planned. The Justice of the Peace was instructed that a continuance was desired and the date of the examination was set for next Thursday, February 23d. Morris in the meantime will probably remain in the town jail, for tonight he had not succeeded in raising the required bond.

Quite a crowd was gathered in the courtroom when the case was called, feeling that the promised sensation was coming. However, the defendant showed no anxiety in the matter and from indications has been instructed to remain silent. District Attorney Jones of Nevada county is expected over next Thursday to take charge of the prosecution. The defendant has not yet stated who his attorneys will be.

KANSAS PREPARING
TO FIGHT TRUSTS

TOPEKA, Kan., Feb. 16.—To successfully fight the trusts within its borders, a constitutional convention may be called to broaden the powers of the Kansas Legislature bills striking at trusts. To this end a resolution submitting the question of calling a constitutional convention to the vote of the people in 1908 has been prepared and will be presented to the Senate.

To Visit His Parents
Assemblyman Alfred Sadler passed through this city to Eureka last evening. He will visit with his parents there for several days.

ANDREW CARNEGIE will testify against Mrs. Chadwick, who got money by claiming him as her father. It seems to us that Andrew is a trifle ungrateful; anyone who would be willing to acknowledge him as a parent should be entitled to a large reward.

THE great revolution in Russia is over and proves to have been nothing more than a life-sized strike, such as may be witnessed any day in any large American community. Thus is one great lie disposed of, and it is up to the Associated Press now to invent another.

THE address of King Edward from the throne is described as "commonplace." That is perfectly natural, seeing that it had to do with statecraft and international politics. His majesty cannot be expected to wax eloquent on anything short of a new salad or the latest thing in neckties.

FROM all indications all that one has to do to make himself a hero in the House of Representatives is to commit a manslaughter. The Senate, with that delicacy and dignity which characterizes it in every respect, is above the House in this regard and does not permit its felons to range below bribery and land-stealing.

CALIFORNIA is rapidly forcing herself into the van of civilization. A duel between man and wife in Oakland the other day is the latest evidence in this direction. A couple more murders like those of Durrant's and a new divorce law or two is all that is needed to put her in the first rank of civilized American commonwealths.

JAMES METCALFE, editor of "Life," says that we can have a national theatre if some obliging individual will step forward and put up \$6,000,000 for the purpose. It is several weeks since this announcement was made and as yet no Nevada newspaperman has volunteered to subscribe this comparatively insignificant amount. Can it be that we are suffering from a lack of public spirit?

A GOOD ORDER

THE authorities at the Annapolis naval academy have forbidden the use of tobacco by any other than members of the first class. The others, it may be presumed, will still be allowed to smoke cigarettes.

Joking aside, the order is not a singular one, in view of the effect that pipe dreams have had upon the gentlemen of the Russian navy.

NOT SO ROTTEN

WITH Senators from other states under indictment for felonies; with state senators in other states guilty of bribe-taking; with representatives of the other states being expelled for malfeasance—Nevada may consider herself fortunate in the men who represent her in the councils of the nation and in the councils of the state. Ignoramuses like the editor of Harper's Weekly may continue to call us a rotten borough to their heart's content, but when it comes to proving it they will find us as much Missourians as we are Nevadans in one respect—they will have to "show us."

WILLIAMS WEAK TIMBER

THE JOURNAL has no great opinion of William R. Hearst in any aspect, either as journalist, statesman or citizen, but it does believe that he is right in one contention—that John Sharp Williams is a small-bore, two-by-four, peanut politician, and totally unfit for the leadership of the Democracy in the House of Representatives. His treatment of Bryan at the St. Louis convention stamped him as a man unworthy of any position of eminence in the Democracy, and the excuse of his friends that he was drunk during that time is hardly one to redeem him in the eyes of the people at large.

NOTHING TOO BAD

A DOLPH WEBER, accused of the murder of his father, mother, sister and brother, has been guilty of perpetrating the following doggerel about a fellow prisoner:

Lay Kilmer now upon his bed,
Sad thoughts come rushing to his head;
Forebodings rise within his mind—
What if from here I never climb?
The thought suppressed as quick as came,
Demoralizing was its vein.
'Twill never do to see it thus—
'Twould leave my courage in a muss.
Brave Kilmer holds his thoughts.

There is not much doubt of his guilt of murder, but presuming him to be innocent of that crime, he richly deserves hanging for his poetical effusion.

OUR MANY-SIDED SENATOR

THE people of Nevada, although they have manifested strikingly their appreciation of the distinguished services of Senator Newlands, are probably not aware of the many excellences for which he is noted in Washington. The following extract from a recent issue of the Century Magazine—surely a disinterested critic—gives another and a pleasing view of our many-sided Senator:

"It has been a matter of unspeakable satisfaction to all Americans whose patriotism includes an interest in the esthetic as well as the moral and material development of the country that the changes necessary in the fine old White House have been made, with the co-operation of the President by the best experts and in the best manner; that the question of an important alteration at the Capitol building is in competent professional hands; and that, through the co-operation of the congress, the landscape and architectural features of the nation's capital, so far as the government controls, have been, in the main, up to date, secured.

There was some fear, in the spring of 1904, that reactionary influences might interfere with the ultimate carrying out of the magnificent and highly practicable plans of the commission consisting of Messrs. Burnham, McKim, Saint Gaudens and Olmsted, whose suggestions were aptly set forth and illustrated in The Century for February and March, 1902. But that danger was, for the time being at least, averted largely through the efforts of Senator Newlands, who, since the death of Senator McMillan, has come forth as the senatorial champion of the cause of good public architecture and public landscape-gardening. The speeches and colloquies in the Senate on the subjects of "The White House Restoration" and "The Building Line on the Mall," show a patient, intelligent, and tactful handling of these esthetic subjects on his part; and on the part of his adversaries a good deal of heated prejudice, but not without willingness to listen to sensible views from one they knew to be well informed and disinterested."

The Century has more to say on this subject which The Journal has not space to reproduce. We have room however for the observation that it should be a source of gratification to every patriotic Nevadan to know that out of the 50,000,000 people in this country this little commonwealth—barren and homely though it may appear—should produce the leading, in fact the only, champion of the beautiful in architecture and gardening at our national capitol.

Observer Seems to Think a Rapid Pace Is Being Run in Regard to Contracting Debts

Editor Journal: Frenzied, furious and ridiculous finance is hardly strong enough language to express the financial situation of the gold standard countries at the present time.

The following questions and answers illustrate the furious pace at which financial obligations are being increased.

Q. What is the total stock of gold in the world available for monetary use?

A. Less than six billion dollars.

Q. What is the total national debts of the world?

A. They exceed thirty-four billion dollars and are increasing very rapidly.

Q. What is the liability of the railroads in the United States including bonds, stocks and floating debts?

A. More than fourteen billion dollars and increasing as fast as they can sell more stocks and bonds.

Q. What is the total financial obligations of the people and corporations of New York City?

A. It exceeds four billion dollars and is increasing at an exceedingly rapid rate.

Q. What is the liability of the banks in the United States to stockholders and depositors?

A. More than thirteen billion dollars and increasing at a tremendous rate.

Q. What is the liability of other corporations including trusts, real estate and chattel mortgages?

A. The amount is so large it had better not be stated. It might impair our credit abroad.

Q. Will there ever be a pay day for this wilderness of debts.

A. Not as long as confidence and the printing press last.

Q. Please explain how pay day can be postponed?

A. The creditors must furnish the confidence and the debtors must issue bonds, stocks, notes and mortgages as rapidly as the refunding and the increasing of their obligations is required.

Q. Will it not be difficult to find vault room for the enormous quantity of securities issued?

A. No. If the bondholder finds his bonds are becoming too bulky, it can be arranged so he can exchange them for bonds of a larger denomination. It requires no more paper to print a million dollar bond than it does a thousand dollar bond, and the bulk objection can be very easily overcome.

Q. Will the next generation be equal to the emergency of handling this tremendous debt?

A. Yes; it will only be a question of confidence, higher mathematics and more securities.

PHYSICIANS FEAR FOR LIFE OF JOHN DIXON

John Dixon, of the firm of Dixon Brothers, well known butchers of this city, has arrived home from San Francisco, where he has been doctoring in the Waldeck hospital for several weeks. He is in a very serious condition and little hope is expressed for his recovery, although the doctors are doing everything in their power to save his life.

He had been in very poor health for several weeks before going to San Francisco for treatment. There he had the attendance of the best physicians in San Francisco, but they were unable to do anything for him. Mr. Dixon has a large number of friends here and all hope for his speedy recovery.

The funeral of the late John Davin took place from St. Mary's Catholic church yesterday afternoon at two o'clock. Rev. Father Tubman officiated and interment was in St. Mary's cemetery.

ITCH—RINGWORM.
E. T. Lucas, Wingo, Ky., writes April 26th, 1902: "For ten to twelve years I had been afflicted with a malady known as the itch. The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured it completely. 25c, 50c and \$1.00 a bottle. Sold by T. R. Cheatham, druggist."

PROSPECTORS NOT ALLOWED

Walker Indian Reservation for Present Is Closed to Men Looking for Mineral

The Walker River Indian reservation is not open for prospectors. C. A. Asbury, superintendent of the reservation in writing from Schurz, Nevada, under date of February 15th, gives the following information to the public:

"There seems to be an impression in some localities that the Walker River Indian reservation is open to prospectors at this time. Such is not the case. The law under which it may be opened provides for the allotting of the Indians and the approval and acceptance of such allotment before the surplus can be opened.

"This can not be for some months yet and the date will be given due publicity, in all probability.

"To prospect thereon at this time is unlawful and punishable in the United States courts, and the officers in charge of the reservation are under obligation to enforce such laws.

"The same laws apply to hunting on the reservation and all tools, arms and equipments are subject to immediate confiscation by the reservation officers. If prospectors will observe this notice it will save them some trouble and disagreeable duties on the part of officials of the reservation.

SHOPPERS SPECIALS BY BRADLEY COMPANY

A big box of Northern California oranges, delivered right at your door in Reno for \$1.40. That sounds like an impossibility, nevertheless the J. R. Bradley Company in a changed advertisement this morning announce that they will deliver a box of these oranges at your home for that amount of money.

They are the best quality naval oranges raised in the vicinity of Fairbanks, close to Sacramento. The Journal office was remembered with a box of these big oranges yesterday and the Journal force can truthfully say they are the best that have been seen in Reno.

This is but a special of the J. R. Bradley Company. Reno is getting to be a shopping city and the prudent housewife, always on the lookout for bargains, is beginning to watch for the announcements of the Bradley Company.

BROAD GAUGE TO WAUBUSKA

New Engines for Carson & Colorado Arrive and Regular Trains Will Run March 1

It has been officially announced that through broad gauge trains will run from this city to Waubuska on the line of the Carson & Colorado railroad beginning with the first of March. The road is now transformed into a broad gauge to that point, but is not ballasted and regular broad gauge trains are not run over it.

The third broad gauge engine to be sent over the Virginia & Truckee road for the Carson & Colorado road by the Southern Pacific Company, passed through this city yesterday. It will make regular trips from Waubuska to Mound House after the first of March.

As soon as the road is ready for broad gauge trains to pass over it more engines will be sent and the freight congestion will be rapidly relieved. It is expected that through trains will be run from Mound House to Tonopah within sixty days.

JUDGE MURPHY TO TRY THE SCHOONMAKER CASE

Judge Murphy of Carson City, is occupying the bench in the District Court instead of Judge Currier. Yesterday he heard the argument to strike out the complaint in the case of M. G. Myrtle vs. the N-C-O and denied it. Later the deposition of M. G. Myrtle was taken and at the session today Judge Murphy will hear the argument on the demurrer. In this case the plaintiff is suing for damages for injuries received while working for the N-C-O.

The case of the State of Nevada vs. C. F. Schoonmaker, charged with embezzlement, will be taken up today and a jury will probably be secured.

Returned to College
Will Martin, a well known young man of this city left yesterday morning for Belmont University, where he will resume his studies. He has been attending Belmont for the past two years, but has been making a short visit with his mother and sisters in this city.

INVOKES AID OF OLD LAW

Swayne Making Technical Fight
to Avoid Being Impeached
by Senate

WASHINGTON, D. C., Feb. 16.—Aside from two hours spent in routine business the Senate today gave its entire attention to the Swayne impeachment trial. Two hours and a half of the time given to that case was spent behind closed doors considering the admissibility of statements made by Judge Swayne before the committee of the House of Representatives.

The point was argued at length by a number of lawyers of the Senate. It involved the construction of the statute of 1862, which provides that a statement made by a witness called before an Congressional committee cannot be used against him in criminal proceedings in court. Senators favoring the admissibility of the statements, as a rule, contended that impeachment proceedings are not impartial in character and that the Senate sitting in the trial of Judge Swayne is not a court in the sense in which that word is used in the statute.

FATAL END TO DRUNKEN ROW

Crazed With Liquor Pablo Herida
Stabs Patrick Malloy and
Then Flees to Hills

In a drunken rage Pablo Herida, a Mexican stabbed Barney Malloy at Derby at 4 o'clock yesterday morning. Malloy is thought to be fatally injured. Herida escaped and is now being chased through the hills by Sheriff Ferrell.

Malloy was a baker employed on the government canal. He was on his way to Reno yesterday morning and while sitting around a camp fire with a companion named "Shorty" Herida and another Mexican came up. Malloy had a bottle of whiskey and invited the Mexicans to drink. They did so and shortly afterward a fight arose, during which Herida stabbed Malloy in the left side below the heart. The wound is two inches long and four inches deep and the company doctor states the man cannot live.

Notwithstanding the inclemency of the weather, several members of the floating population were before Judge Pollock yesterday charged with vagrancy, malicious mischief and destruction of property.

August Gurski, F. Clemens and Wm. Davis were caught burning property belonging to the railroad company. They pleaded guilty to the charge and were sentenced to spend ten days in the county jail.

John Heiser was taken from a Southern Pacific box car. He had made the journey from San Francisco to Sparks. He was given ten days in jail as a penalty for beating the railroad company out of his car fare.

Mike Quinlan was found trespassing on the railroad grounds. He was given a fiftieth. M. Foley was also given the six-hour limit, he having been found wandering about the streets in a drunken and disorderly condition.

LADIES' SOCIETY IS ENTERTAINED

Episcopal Church Women Tenedred
Banquet Yesterday and Plan
Erection of Church

The rooms of Mrs. Ward at the B. & W. hotel were the scene of a very nice social gathering yesterday afternoon. The Ladies' Aid Society of the Episcopal church were given a banquet by Mrs. Ward.

The hostess had made great preparations for the event and all present spent a very pleasant afternoon. The rooms had been beautifully decorated. The work and future plans of the society were thoroughly discussed, after which all sat down to a delightful repast.

The ladies have in hand the erection of the proposed Episcopal church and are endeavoring in every way to secure funds for this purpose. A dramatic club has been formed and will present a first class play to the public in a short time. The proceeds will be used toward the construction of the church.

Caught in a Lathe
E. Finley, a machinist in the Southern Pacific shops, caught his hand between the belt and wheel of the lathe yesterday. Luckily the lathe was a small one and stopped running at once. But for this fact his arm would probably have been torn from his body. As it was his hand was only slightly lacerated and he was able to resume his duties in a short time.

Transferred to the South
Engineer Nicholas of the Southern Pacific Company, who has been employed on the construction works at Sparks, will leave for Southern California today. He has been transferred by the company and will be engaged in similar work on the San Francisco division.

DARKLY HINTS AT SCHEME OF GRAFT

"A Taxpayer" Complaints of Number
of Occupants in County Jail
Sent From Sparks

Editor Sparks Department: Enough petty prisoners were placed in the county jail from Sparks yesterday to net the officers \$38 in fees. The officers upon being questioned yesterday stated that Sparks now has more prisoners in the county jail than all other towns in the county combined. Most of the men are in for petty infractions of the law, but each arrest results in fat fees for Constable Pollock of the new town.

Ordinarily Sparks is an orderly town and so far as can be learned no grave crimes are being committed here.

Citizens are beginning to fear to go on the streets at night for fear of being arrested on some pretext by an officer intent on "earning" a fat fee. As a citizen and taxpayer I think this matter should either be curbed or investigated. To me it looks like a graft that should be explained by Constable Pollock.

A TAXPAYER.

Repairing Electrical Machines

H. J. Small, superintendent of motive power for the Southern Pacific Company, will leave for the East today. LADIES ENTERTAIN IN ROYAL MANNER

It is safe to say that more enjoyable social than that given by the young ladies of the Methodist church last evening has seldom been given in Reno. The young ladies were the entertainers and the young men were there at their special invitation. It seemed as if nearly every invitation had been accepted for the Sunday school rooms were well filled.

The program was interesting from beginning to end, every number was deservedly enjoyed. The climax, however, was one of the enjoyable features, for the clever hostesses had prepared refreshments which were served in a tempting as well as a pleasing manner.

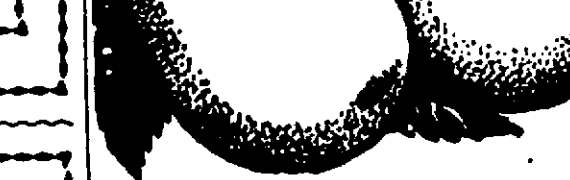

To Erect New Residence
Councilman Gus Koppe will soon begin the erection of a new modern residence on Center street near the home of Surveyor General Kyle. The plans call for a very handsome building.

LOVER DIES ON WEDDING EVE

Miss L. L. White Comes from Denver, Colorado, to Marry O. P. Poole, Who Died in Carson

Miss L. L. White, a young lady of Denver, Colorado, traveled all the way from the great inland city to Reno to marry O. P. Poole, a mining expert of Goldfield and Tonopah. She arrived in this city yesterday morning and expected to meet her intended husband last evening but instead, was greeted with a message from Carson City, saying that Mr. Poole had died very suddenly in the Arlington hotel in that city. Miss White is heart broken over the sad news, and will leave this morning for Carson, where she will take charge of the remains of the man she traveled so many miles to marry.

When seen in her room at the Golden hotel last evening, Miss White said: "Yes, I did travel all the way from my home in Denver to marry Mr. Poole, who was to me the dearest person in the world. He wrote me from Keeler a few days ago that he would meet me here in a few days when we would wed, but instead I have been greeted by news of his death. Early this morning I sent a message to Keeler telling him that I had arrived here, but he had already gone to Carson and the message was sent there. Some one in Carson opened the message and learning that I was here sent me a telegram saying that he had died. I am now alone in a country far from home and without friends, but I will leave this morning for Carson and take charge of his remains. I think his body will be sent to Higginsville, Missouri, where he has a sister living. I will accompany his remains to the East.

"Mr. Poole was a mining expert and was inspecting some mines in the Goldfield district for Shorove & Aldridge, attorneys of Denver, Colorado. He had been in this State since last April. He was a member of the Mason's lodge in Denver and is quite well known in mining circles in that city. He was 44 years of age."

To Succeed Rev. C. E. Leland
Pastor G. W. Reaser, of the Adventist church in Portland, Oregon, will arrive in this city next week and succeed Rev. C. E. Leland of the local church. Mr. Leland will go to Portland. The change is made for the benefit of Rev. Reaser, who cannot live in the northern country on account of his health.

CITY CHARTER IS DISCUSSED

Dr. Stubbs and Attorney Cooke Speak at Interesting Meeting of Reno Men's Club

The Reno Men's club held a large and enthusiastic meeting in the basement of the Congregational church last evening and several very interesting speeches were made. The city charter was the topic under discussion and every citizen present spoke on the subject before the meeting was adjourned.

The first address of the evening was made by Dr. J. E. Stubbs of the University of Nevada, who spoke on the city charter in general. He reviewed the whole charter and pointed out to the citizens the many defects in it which should be revised. He talked for over an hour and his address was received with much applause by the assembled tax payers.

Dr. Stubbs was followed by Attorney H. R. Cooke, who spoke on different parts of the charter. He used the license question as his principal subject and explained how it should be remedied. He advised a revision of the charter and told what the committee appointed by the citizens at a mass meeting had done towards revising it. His address was not only interesting, but instructive and showed that he had put much thought upon the subject.

When Mr. Cooke had ceased speaking different citizens present took the floor and spoke on the subject under discussion, giving their opinion in the matter and making suggestion for amendments to the charter.

Just before the close of the meeting a resolution asking the Washoe county delegation to support the anti-gambling bill in the Legislature was introduced and passed.

Wants to Become a Citizen
Armad India, a citizen of the Republic of France yesterday appeared before Judge Currier and declared his intentions to become a citizen of the United States. C. T. Bender and George H. Taylor appeared as witnesses for him.

BUTTS FIGHTS LIKE MADMAN

With a Murderous Looking Revolver He Seeks Trouble and is Arrested

Harry Butts, well known in Reno, was arrested by Officer Elder early this morning. Butts is apparently out of his mind. He was found arguing with a crowd on the corner of Sierra and Commercial Row. Officer Elder tried to quiet him when he pulled a vicious looking revolver and perhaps would have used it had not the officer taken the weapon from him.

Butts was placed in the city jail. His brother, Nat Butts, assisting in placing him there. Unless he is much better today he will probably be examined as to his sanity.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for Washoe county.

The State of Nevada sends to Margaret McDonald, greeting:

You are hereby required to appear in an action commenced against you as defendant by J. P. McDonald as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but in said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover a judgment and decree of this court that the marriage existing between plaintiff and defendant be dissolved, and a divorce decreed. The grounds on which such judgment and decree are claimed are that you, defendant, have disregarded the solemnity of your marriage vows, and on the 27th day of July 1903, did wilfully desert and abandon plaintiff and plaintiff's home and have wilfully ever since said date continued to desert, abandon and keep away from said plaintiff, and have lived separate and apart from said plaintiff, who is your lawful husband; and that such desertion and abandonment has existed for more than a year last past and preceding the filing of this complaint.

And for a further order and decree awarding to the plaintiff herein the custody of the two minor children of the issue of said marriage.

All of which will more fully appear from the complaint, which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are specially referred. And you are notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 20th day of September A. D. 1904.

W. A. FOGG, Clerk of the Second Judicial District Court of the State of Nevada, in and for Washoe County. **j17w**

KILLED AT THE
MAMMOTH

Patrick Keyes, Aged Comstocker,
Falls from High Trestle and
Meets Death

Patrick Keyes, the original locator
of the Keyes Consolidated mine on the
Comstock, was found dead on the
dump of the Mammoth mine in Seven-
Mile canyon yesterday by Tom Ker-
nen, Jr.

Sheriff Quirk, Coroner Smith and the
Public Administrator visited the scene
of the accident and investigated the
circumstances. An inquest will be
held over the body today.

From all circumstances surrounding
the death it seems that Keyes had
started to run a car over the long
trestle to the dump. The car had
probably gained considerable speed,
and when it struck the end Keyes was
pitched over the dump. His skull was
fractured and he had several deep
scalp wounds.

Deceased was a native of Ireland
and was 74 years of age. He is sup-
posed to have a considerable fortune
and was at one time associated with
some of the rich mine owners of the
Comstock. In the early days of Vir-
ginia City he used to make a practice
of presenting the school children with
little silver bricks as prizes in contests
in their studies.

REV. C. L. MEARS WILL
TALK ABOUT BUSINESS

"What Gives a Man Credit in the
Business World?" This will be the
subject of a lecture to be delivered
by Rev. Mears of the Congregational
church at Atkinson's business insti-
tute beginning at 3 o'clock this after-
noon.

Rev. Mears consented to assist in a
series of lectures now being given at
the Institute. He will talk on a sub-
ject of interest to all young people
about to begin or preparing for a busi-
ness career in the world. Unlike most
lecturers he will not talk from a theo-
retical point of view, but from the ex-
perience of a man who has had prac-
tical experience of a number of years
in the business world.

Before taking up his present work
for religion Mr. Mears was engaged in
business in the East for a number of
years. He is therefore in a position
to speak with authority on the inter-
esting subject he has chosen.

The Human Ostrich
Ac-Ki, the human ostrich, opened
his show on Second street in this city
yesterday afternoon, with the applause
of an admiring audience and the shrill
yell of the speller, who urged others to
witness the wonderful feats of the
man with the iron stomach. He lives
on glass, horse shoe nails, rope, rubber
hose and other things, which only a
goat could digest or attempt to eat.
He has astounded the world with his
feats and his ravenous appetite for
broken glass and other peculiar foods
cannot be satisfied.

He has just come to this city from
St. Louis, where he was one of the
leading attractions of that great show.
He does everything that he claims he
can do and every one in the city should
see him. His show was crowded with
interested spectators yesterday and as
he is only to stay a short time every
one should see him perform without
delay.

More Boxes for the Post Office
Postmaster Dawson has received a
number of private mail boxes which
will be placed in the postoffice im-
mediately. The present supply of boxes
is inadequate as a large number of
people call for their mail instead of
having it delivered to them.

Meets This Afternoon
The Christian Endeavor Society of
the Congregational church will meet
with Miss Beulah Hershiser at her
home, 409 First street this afternoon.
It will be the regular monthly meeting
and a large attendance is looked for.

READY FOR THE
FIRST 'HELLO'

New Telephone Office Ready for
Occupancy and System Will
be Ready Tomorrow

By tomorrow night if present plans
of the officials carry the new system
of the Sunset Telephone Company will
be in working order. Everything is
now in readiness and orders are to
transfer the scene of operations to
the new office at 7 o'clock tomorrow
night.

The new office is undoubtedly one
of the best arranged and furnished of
any of the entire system. It is a
four-board office, necessitating the
employment of eight operators during
the day time and at least two during
the night. In addition special men
and women will be employed to oper-
ate trouble departments. The new
service promises to be much more sat-
isfactory than at present. Manager
Brownlee reports more than 900 sub-
scribers in Reno at present.

A Justice Court Suit
Pike & Jones, attorneys for P. Mil-
lich, yesterday filed a suit in the Jus-
tice Court, asking for judgment in the
sum of \$299.50 against E. Vogliotti. The
plaintiff alleges this amount due on ac-
count. Hartson & Hummel will ap-
pear for the defendant.

WERE MARRIED ON
THE COMSTOCK

Mr. and Mrs. Jacob Seamen arrived
in Reno last evening from Virginia
City. They are on their way to Cal-
ifornia on a wedding trip. Mr. and
Mrs. Seamen were married on the
Comstock yesterday. The bride is a
sister of Frank Blake, one of the own-
ers of the Virginia City Enterprise.
Mr. Seamen has an excellent position
with one of the mining companies in
that city.

Visiting in Reno
Mrs. C. W. Willey arrived from Sac-
ramento yesterday and will spend se-
veral days in this city visiting friends.
She will also visit with friends in
Sparks.
